

## Essentials of Employment Law

Now in its eighth edition, *Essentials of Employment Law* is firmly established as the most authoritative textbook on employment law for all students of human resource management. The text covers the CIPD employment law specialist elective and is invaluable to students studying Employment Law as part of a HR or business degree programme. This new edition takes into account the most recent legislation, particularly in the area of discrimination. It covers the key areas of employment law from the formation of contracts of employment to the preservation of human rights. It provides comprehensive coverage of the main statutory and common-law rules that govern all aspects of the employment relationship. The text is fully referenced with the latest legislation and case law. Each chapter has a clear overview and a concise summary, providing ideal points for revision and reference.
