

Englands Thousand Best Churches

Following the huge success of the book last Christmas, comes a new edition of this classic work, in portable trade paperback format. Simon Jenkins travelled the length and breadth of England to select his thousand best churches. Organised by county, each church is described - often with delightful asides - and given a star-rating from one to five. All of the county sections are prefaced by a map locating each church, and lavishly illustrated with colour photos from the Country Life archive. Reviewers and readers alike in their thousands have been delighted by this book.
