

## HER LONGED-FOR FAMILY (Mills & Boon comics)

Eight years ago, a great tragedy befell Libby Cornish and it changed her life forever. To this day she's still haunted by her repressed memories of that night. But when her old classmate and one-sided crush Nick Howell joins her team, Libby's nights take a turn for the better. She experiences dreams of them kissing, dreams so vivid she can feel them long after they've ended. If she didn't know better, she'd swear they weren't dreams at all.
