

The Curse of Dracula

In the 1970s, writer Marv Wolfman and artist Gene Colan created 70 issues of terrifying tales in the classic Marvel series *The Tomb of Dracula*. Now, Wolfman and Colan are together again, offering a fresh take on the most enduring character in horror fiction and catapulting the Lord of the Dead back into comics stardom. A mysterious and persuasive figure is moving amongst the circles of San Francisco's political elite. When Jonathan Van Helsing and his team of vampire hunters come to town investigating a string of grisly murders and stumble into a virtual pit of blood-soaked horrors, they know it's only a matter of time before they come face to face with the master of the dark!
