

The Yosemite: Illustrated Edition

THE YOSEMITE is John Muir's classic guidebook to Yosemite. In passionate and vivid prose, Muir describes the geology, flora, fauna, weather, seasons, and human history of Yosemite. He provides readers with accounts of his adventures, from riding an avalanche to walking behind Yosemite Falls. Muir also lists good one-day and multi-day excursions for the Yosemite visitor. The J. MISSOURI edition contains 20 portraits of Yosemite and a detailed map of Yosemite Valley.
